

## **Health Screening for COVID-19**

### **Phase Two Limited In Person Services**

**Parents do not need to be vaccinated to receive a 1 x month in person visit. Providers are allowed to ask if the parent is vaccinated, however the parent can choose not to disclose this information with Boyer staff.**

**Call the family at least 24 hours BEFORE the visit and ask:**

- 1 Has anyone in your home received a positive COVID19 diagnosis and has not yet tested negative twice OR received confirmation from a health provider that a period of home isolation is completed?
- 2 Has anyone in your home been directly exposed to someone who is suspected of having or diagnosed with COVID-19 in the past 5 days?
- 3 Has anyone in your home recently been ill with any of these symptoms in the last 5 days?
  - Fever or chills
  - Cough
  - Shortness of breath or difficulty breathing
  - Muscle or body aches
  - Headache
  - New loss of taste or smell
  - Sore throat
  - Nasal congestion or runny nose
  - Nausea or vomiting
  - Diarrhea

**If the answer is “yes” to ANY of the 5 questions above, cancel the visit and offer and/or proceed with telehealth services.**

- Cancel the visit and offer telehealth services for no earlier than two weeks from the canceled meeting.
- Ask follow-up questions as necessary and make a follow-up plan if necessary. Some plans might be:
  - Encourage the client to call their medical provider for further assessment
  - Provide resources to COVID19 testing locations
  - If client doesn't have access to a health care provider, Family Resources Coordinator (FRC) to connect family with local resources and provide information on how to contact medical services to receive care

- Provide client with the Coronavirus Call Center number at 206-477-3977 or 800-525-0127
